# York Construction & Development wins third HOBBI award

By Press Release

*Prestigious HOBBI Award for Outstanding House Between \$3-4 Million*

York Construction & Development in Old Greenwich, Conn., has won a prestigious HOBBI Award for the third time from the Home Builders Association of Connecticut, Inc. This year's award is for Best Outstanding House between \$3-4 million, and was awarded for York Construction & Development's beautiful new 6,000 square foot Shore Colonial home with 5 bedrooms and baths in the heart of Old Greenwich on Irvine Road.

The Shore Colonial on Irvine Road in Old Greenwich

The HOBBI Awards (Home Building Industry) is a highly competitive program that recognizes high quality homes, products and services in the Connecticut residential construction industry and awards those builders that exemplify excellence and value in home design, construction, products and features. This year's award ceremony will be held on November 4 in Southington, Conn.

York Construction & Development is well known for its HOBBI award-winning homes. It has recently had two other homes win HOBBI awards -- a Lutyens European Tudor style home that won Best Spec Home in the \$5-6 million range in 2006, and a classic New England Shingle Style home that won Best Spec Home in the \$3-4 million category in 2005. York was also recently awarded the 2009 Best in Town award for Best Residential Builder, by Best in Town, the premiere guide for the best in town in Greenwich, Fairfield County, Westchester County, Palm Beach, Fla., the Hamptons, N.Y., and Vail, Colo. York Construction & Development has built its reputation on building custom and spec homes that highlight traditional architecture with historic and period touches. Each home is finished with beautiful, custom millwork, created by York Millwork, which brings out the charm of the home and highlights architectural details.

The Shore Colonial on Irvine Road in Old Greenwich that won this year's HOBBI award is a lovely family home that sits third of an acre on a picturesque tree-lined street walking distance from schools and the village of Old Greenwich. The home has every modern amenity and features gorgeous custom millwork by York Millwork, including a grand curving staircase in the two-story front hall, pocket doors, an expansive eat-in kitchen with custom cabinetry, top of the line appliances and gorgeous granite countertops; the house also features en-suite custom marble bathrooms, stained glass windows, a home office, finished basement and attic, perfect for workout rooms and children's play rooms; upstairs laundry and lovely neighborhood views from every room.

"We took a great lot in a very popular neighborhood in Old Greenwich and built a home that every family would love," noted Nick Barile, president of York Construction & Development. "The house has public and private rooms that suit the life of today's busy family and is a home that will be timeless in its beautiful architecture for generations to come."

York Construction & Development is based in Old Greenwich, Conn. To learn more about the company, visit [www.yorkdev.com](http://www.yorkdev.com) or call 203-698-3460.

The HOBBI Awards are sponsored by The Home Builders & Remodelers Association (HBRA), established in 1950. The HBRA members are dedicated, qualified professionals that can be counted on for all home building, remodeling and home improvement needs. Each year the Home Builders Association of Connecticut presents the HOBBI Awards, the most prestigious awards in the home building industry.
